

BRADENTON COMPOUNDING PHARMACY

# Ivermectin & Fenbendazole Compounding

Custom preparations made for individual patient or veterinary needs when appropriate.

## Prescriber Orders

Call: (941) 281-2903

Fax: (941) 281-2906

E-prescribe: Manatee Family Pharmacy

## Customized compounding support

Manatee Family Pharmacy prepares compounded medications from valid prescriptions when a commercial option does not fit. Florida-wide mailing is available for eligible compounded prescriptions.

Call (941) 281-2903

### Prescription first

Prepared only from a valid prescription from a licensed prescriber or veterinarian.

### Dosage form options

Ask about capsules, oral liquids, or other formulation options based on the prescription.

### Pharmacist review

Availability, ingredient sourcing, and preparation details are confirmed before dispensing.

## Compounding services

Built around the prescription, the patient, and the permitted use.

### Ivermectin

\$2 / capsule

Rx only

Any Rx strength can be compounded. Commonly prepared: 15, 18, 30, 36 mg.

Use only as directed by the prescriber.

### Fenbendazole

\$1 / capsule

Rx only

Any Rx strength can be compounded. Commonly prepared: 250, 300, 500 mg.

Use only as directed by the prescriber.

## How to get started

1

### Send the prescription

Prescriber or veterinarian sends the order.

2

### Confirm the formula

Pharmacy confirms details and timing.

3

### Pick up or mail

Mailing available anywhere in Florida.

## Important safety notice

This flyer is informational only and is not medical advice. Do not self-treat or use animal products in place of prescribed medication. Compounded medications are not FDA-approved; FDA does not verify their safety, effectiveness, or quality before marketing. No claim is made that these medications diagnose, treat, cure, or prevent disease except as prescribed by a licensed professional.
